**Pendleton Team Defeated.**

By the one-sided score of 40 to 10,  
the Pendleton high school basketball  
team went down to defeat in Walla  
Walla last night before the high  
school team of that city, according to  
meager reports received here today.

The team is composed of young and  
comparatively inexperienced players  
who were no match for the seasoned  
veterans of the Garden City. The  
boys are still in Walla Walla and will  
meet the Y. M. C. A. team of that city  
today.

**Lucky Runaway Accident.**

Faunt Snider and Miss Maggie Pe-  
ters were victims of a lucky run-  
away accident last evening about 8  
o'clock. They had started from the  
Frank Griggs home on Garfield street  
to go to a party in the country and  
had come but a short distance when  
the team became frightened at an  
automobile and dashed south toward  
the river, in front of the George  
Meeker home they collided with the  
Meeker buggy which was just start-  
ing down town and also a hayrack  
on a wagon nearby. The buggy in  
which the young couple were riding  
was turned completely over and the  
occupants thrown to the ground. For-  
tunately they escaped injury and all  
of the damage done to the buggy was  
a broken doubletree. The Meeker  
buggy and wagon fared worse.

**Elk Killing Case On Trial.**

The case of the State vs. George  
Forrest, Athena farmer charged with  
killing an elk, is occupying the at-  
tention of the circuit court today, and  
is drawing a packed house, many peo-  
ple from Athena being present. Most  
of the morning was taken up in the  
drawing of a jury. The first three  
witnesses for the state were Joe For-  
rest, father of the accused, John Bel-  
leque, great uncle of the accused, and  
Earl Weston. They testified to hav-  
ing seen two elk while riding along in  
a wagon run across the farm of the  
defendant and later on of having seen  
one of the elk fall and the other con-  
tinue running. Weston testified to  
hearing a shot fired. The case of the  
state is largely circumstantial. Dis-  
trict Attorney Steiwer is prosecuting  
the case and is being assisted by  
District Game Warden Averill. Hom-  
er I. Watts and Will M. Peterson are  
attorneys for the defendant.

**"Tricks in All Trades."**—Convinced  
that the public has been innocently  
purchasing great quantities of chick-  
ens "fattened" with rock and sand in  
mixtures by unscrupulous shippers,  
the department of agriculture order-  
ed an investigation recently into this  
phase of the poultry business. The  
people of New York City alone, the  
department estimates, buy every week  
from 150,000 to 300,000 pounds of  
rock and sand substances, paying the  
prevailing poultry market prices.

## THE CAR THAT SELLS BY TRAINLOADS

The great "car value" given to every  
owner of a Buick, make such shipments possible.

Trainload shipment has been necessary to meet promptly the huge demand growing year by year. Today 150,000 motorists drive Buick cars.

The multiplied power of the Buick, its reliability, economy and durability, have made en-  
thusiastic owners everywhere, who feel that they have received the full value of their invest-  
ment.

In the 1914 Buick you will find, in addition to those essentials of service which account  
for the Buick envied record of nine years, the choice of six models, fours and sixes, touring and  
roadster bodies, prices from \$1135 to \$2185.

Delco Self-Cranking, Lighting and Ignition System on all models at no additional cost. Left  
side drive, center control. Beautiful body lines, more luxurious upholstery, supreme refine-  
ment everywhere.

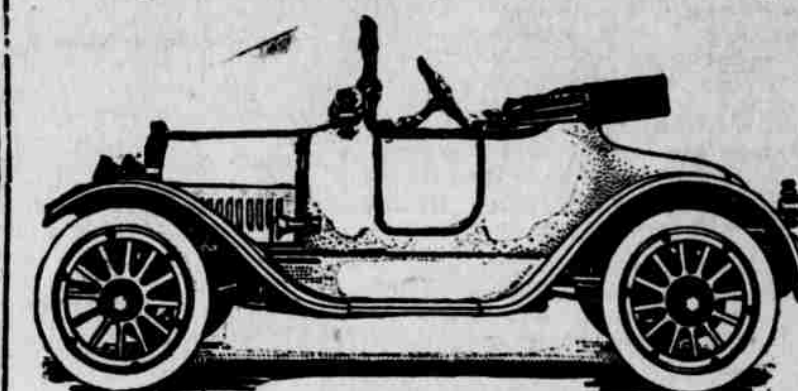

## Overhead Valve Motor

## Reduces Gasoline Bills

The Buick overhead valve motor is guaranteed to develop more power and give more mile-  
age per gallon of gasoline than any other motor of its size, either American or foreign make.

Buick dealers, in every city, are successful business men. Once a Buick dealer always a  
Buick dealer. Buick dealers never change, for they realize the Buick owner gets the greatest re-  
turn for his investment. That the Buick agencies are successful and permanent—not curb-  
stone agencies—is the owner's greatest protection, for he knows the dealer from whom he bought  
his car will be on hand to look to, if occasion requires.

More Buicks have been sold in Pendleton this  
winter than all other cars combined—un-  
questionable proof of their great popularity

Every car fully equipped as follows:

Delco self starter; combination oil and electric side and tail lamps, specially designed elec-  
tric head lights with outside focus adjustment; current supply, Delco self generating system in  
connection with large storage battery; \$50.00 speedometer, eight day clock; set of weed chains;  
electric dash-light, electric horn, tire irons, foot rest on touring car, one extra rim, tube and tire  
cover to carry on rear, complete set of tools, and robe rail on touring car; high grade mohair top,  
combination mohair and rubber dust hood, new style solid ventilating clear vision wind shield on  
B36 and on B37 special rain vision and ventilating; demountable rims.

When better automobiles are built,  
Buick will build them.

was settled upon by the late John  
Mays in the seventies and afterward  
became the property of John O. Moor-  
house. About 18 years ago Mr. Rich-  
mond bought 320 acres of it from a  
bank at Everett at a bargain price—  
said to have been less than \$35 an  
acre. He later added 30 acres and  
has made many substantial improve-  
ments, including a modern and at-  
tractive residence. It will be a fine  
home place for the new owner in the  
event he wants to use it for that pur-  
pose.

**Wheat Growing Rapidly.**—Many  
farmers have been in town today and  
all reports are to the effect the recent  
growing weather has advanced the  
wheat more than usual at this time  
of the year. The grain is growing  
rapidly and no damage has been re-  
ported from any source though the  
unusual weather is causing some spec-  
ulation.

**Holding for 80 Cents.**—There is no  
disposition to sell on the part of farm-  
ers who have grain unsold. They de-  
clare they will wait until spring to  
sell and are expecting 80 cents or  
more per bushel for their wheat.

## The New Six-Thirty Franklin \$2450 Weight 2725 pounds

How many makes of tires have you used  
trying to get satisfaction?

It is not the tires that are wrong. Is is the  
weight of the car.

The Franklin Six-Thirty weighs only 2725  
pounds, and is equipped with 4 1-2 inch tires,  
the size you find on cars weighing from 1000  
to 1500 pounds more.

Does this tell you anything?
